

Re: Buy Top Selling Ice Cream Machines in Canada Wholesale Supplier

Brampton, Ontario  
May 27th, 2019

**Dear Canadian Food Business Entrepreneur,**

Thank you for your interest in our top selling wholesale soft serve ice cream and frozen yogurt machines.

**Why are soft serve machines so expensive?** We feel it is mainly due to dealer's overhead costs of showrooms, sales and service staff. What if you can buy the machines directly to save your hard earned money? Our machines are manufactured in a unique way that these can be sold directly with service done by you or your local refrigeration technician. You don't need special soft serve machine technicians at \$150 an hour to run and maintain our soft serve machines. You can do it yourself or by your local refrigeration technician. We offer one year warranty on parts and 5 year warranty on the compressor. **We sell brand new machines for less than the price of used machines for your peace of mind and better ROI on your equipment.**

**Fronting up full retail cost for equipment is an unpleasant and unnecessary experience.** Our Flexible Rental Program has been designed with this in front of mind. You can preserve your much needed cash flow and have the freedom to run your business the way you want. Our Flexible Rental Program was specifically created to help entrepreneurs across North America add Ice Cream, Frozen Yogurt, and Frozen Desserts to their business with ease and comfort.
